Data Quality

Jane Webster – Data Engagement Lead

Which aspects of DQ are measured in the IMS quarterly reports?

1. Data completeness - the completion of key data items within the client assessment

2. Data consistency - the volume of activity recorded compared to previous periods

IMS Activity & Data Quality Report Quarter 4: 2018-19

INTRODUCTION:

This activity & data quality report is designed to accompany the quarterly IMS monitoring report. The information in this report is shown for each service and as a total for the local authority area. The sections of this report show both the consistency in the number of clients and volume of activity that is entered into IMS each quarter,

If you have any questions about your data, need help or more information please do contact us https://ims.ljmu.ac.uk/contact

The sections of this report show both the consistency in the number of					
clients and volume of activity that is entered into IMS each quarter,	Contents		Clients with assessment	p.8	
and the number and data quality of assessments that are completed	Count of individuals	p.2	Assessment data items	p.9	
for the clients that are seen.	Count of activity recorded	p.4	Data notes & methodology	p.11	

TOTAL CLIENTS SEEN: LIVERPOOL

Summary figures where shown in brackets are for a full year / 12 month period

Data quality & consistency and why it is important

- Identify trends within the data (positive and negative)
- Early intervention to address any data collection issues
- Understand any changes to service provision
- Provides an accurate representation of commissioned services to each Local Authority

Boots Pharmacy - London Road

Number of Individuals recorded quarterly attending the needle exchange
